

I am very disturbed by the news that Sinclair Broadcasting is requiring its stations to air an anti-Kerry piece just before the election. When the right of free speech is claimed by a media giant, who will protect the public's right to balance and fairness?

Sinclair uses public airwaves and has a responsibility to serve the whole public interest. Self-serving bias in their broadcasting is neither helpful nor honorable. I appeal to the FCC to require Sinclair to offer equal time and equal terms for both candidates.

Thank you.
